

limb It!

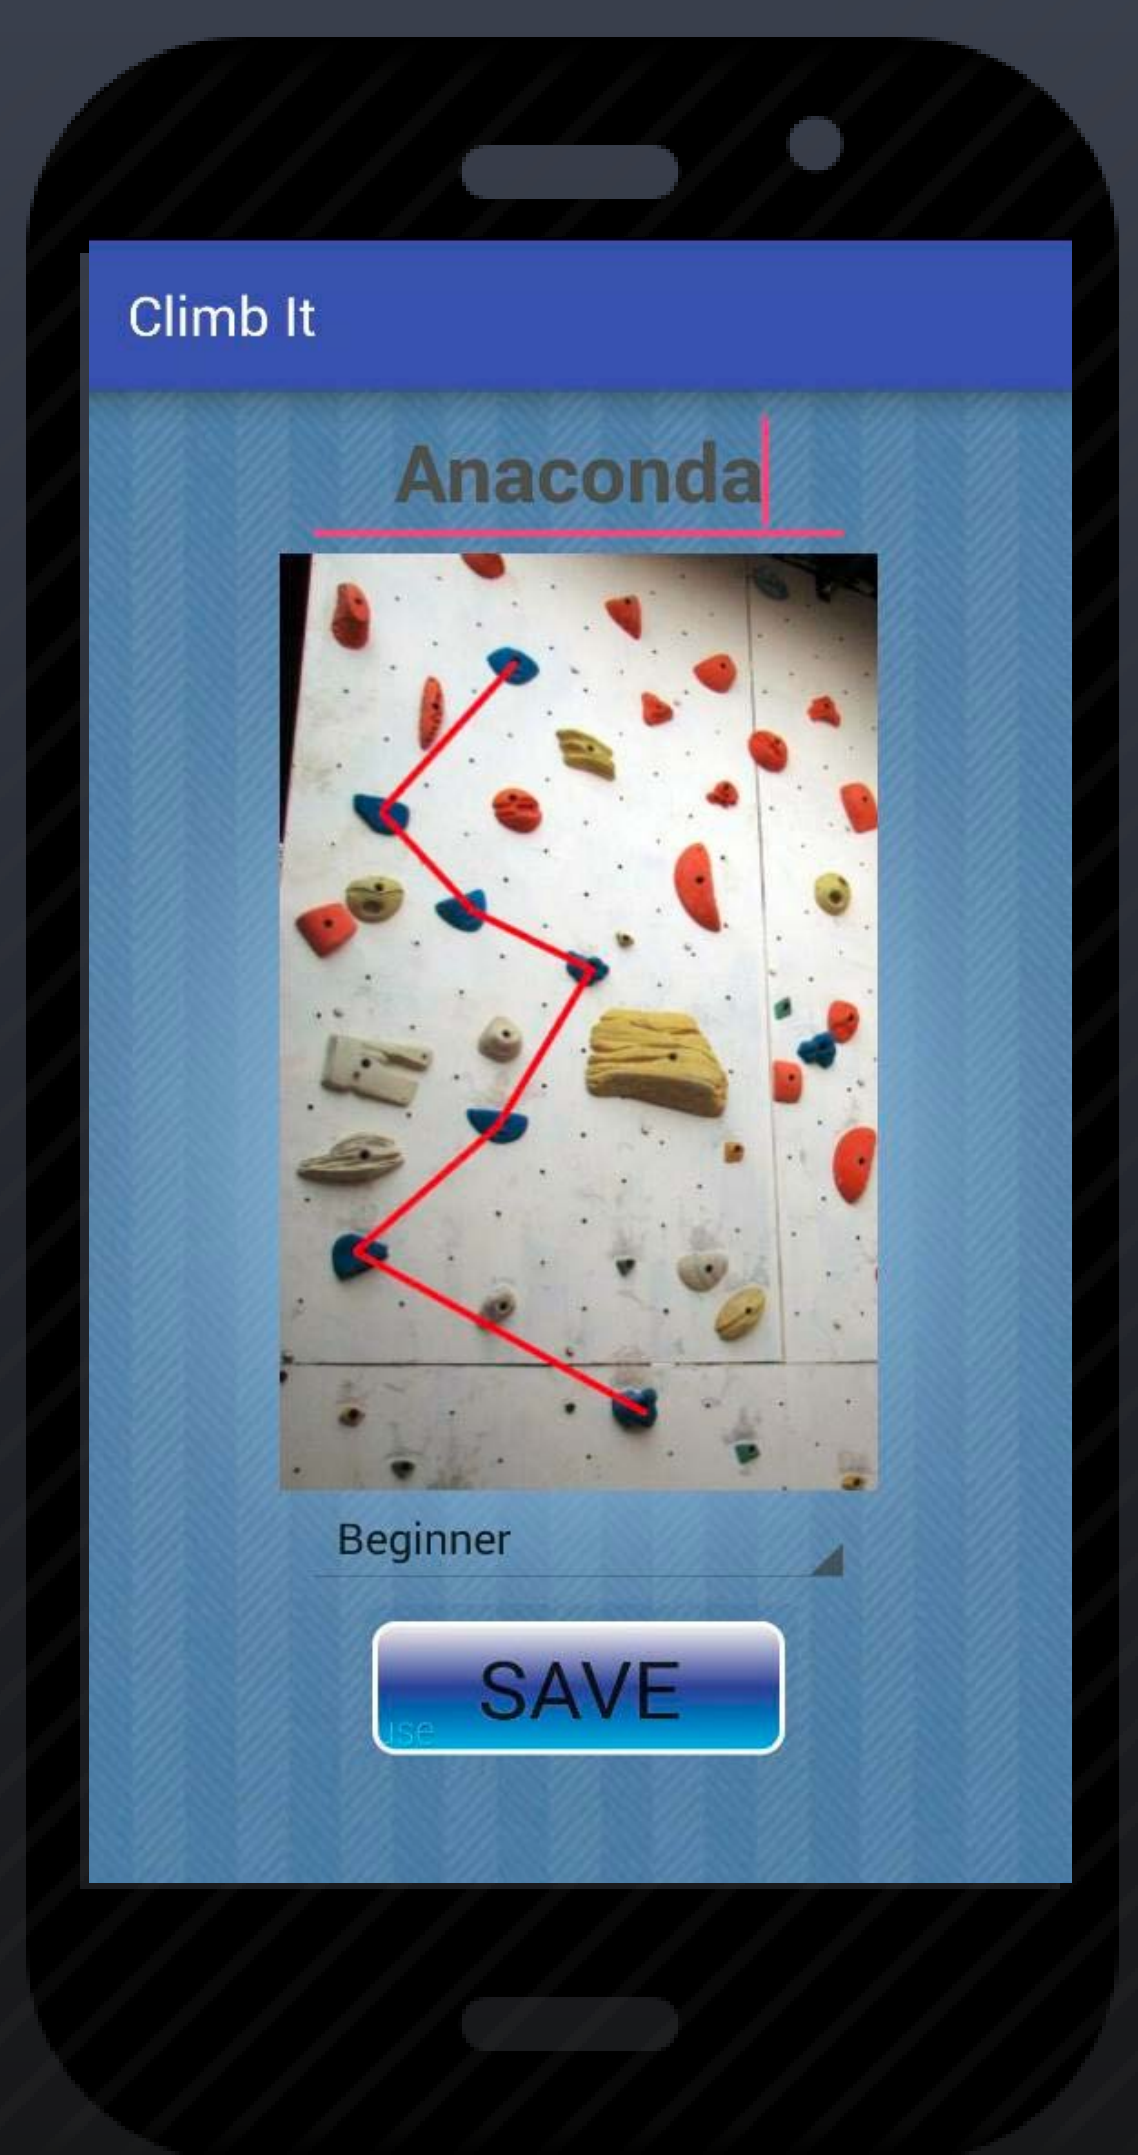

limb It! is an application for wall-climbers and boulder businesses. It allows the user to see instructed climbing tracks, rate and sort them by difficulty level. A business can add and edit tracks.

With **limb It!** you don't have to wait for the instructor, just choose a track and **limb It!**

Login Screen
Enter local boulder Pin Code and start using **limb It!** You can also login with Facebook

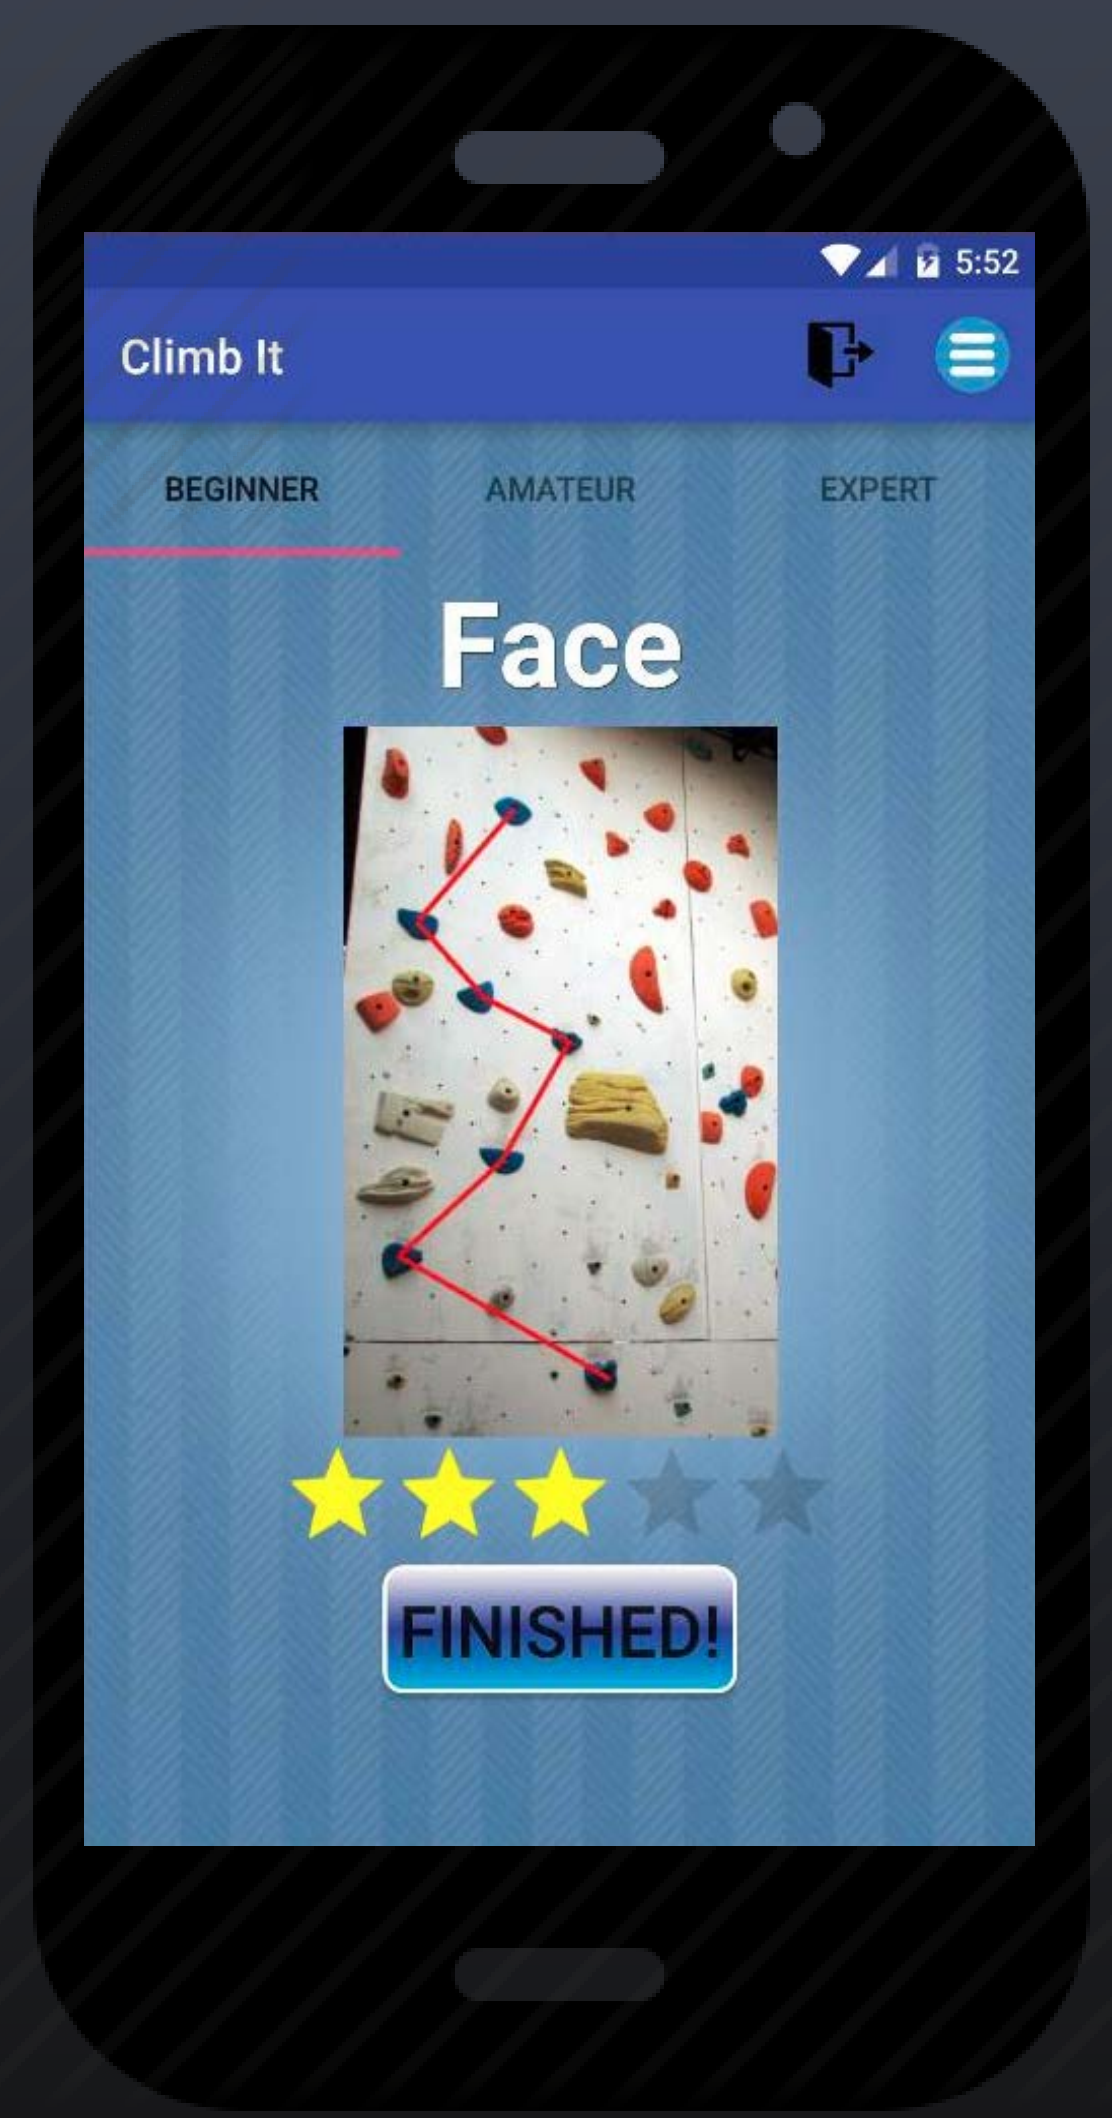

Tracks List
Select difficulty level and choose one of the tracks that fits you!

Add/Edit Track
The boulder business can add a track by taking the wall's photo, draw the track and set it's level. The business can also edit an existing track or delete it.

Show Track
See the instructed track, rate it and mark if finished.
