Google and Waze are growing!

You are invited to **Google Israel R&D Center's Open House** that will take place on **Thursday, June 19th** at both Google's Haifa and Tel Aviv offices.

The event will include an overview of initiatives developed in Israel, technical talks about Google and Waze projects, as well as a panel discussion with local engineers.

It is a great chance to learn more about Google's culture, our Engineering projects, and what it's like to work at Google.

Here are the event details:
