Israel Pollak
Distinguished Lecture Series 2011

The Faculty of Computer Science cordially invites you to a series of lectures
to be presented by

Prof. J.A. Sethian
Department of Mathematics
University of California
Berkeley, California

Lecture 1

Advances in Advancing Interfaces: Efficient Algorithms for Inkjet Plotters, Coating Rollers, Semiconductors, Retinopathy Diagnosis, and Chemical Pathway Analysis

Wednesday, October 26, 2011 at 11:30
Faculty of Computer Science
Taub Building, Room 9

Lecture 2

More Technical Advances in Advancing Interfaces II: Computing Multiphase Physics

Thursday, October 27, 2011 at 14:30
Faculty of Computer Science
Taub Building, Room 337

Refreshments will be served before the lectures.
