

RESUME: Prof. Emeritus NISSIM FRANCEZ

Former holder of Bank-Leumi chair in computer science

September 15, 2020

In 1991 I moved to research in computational linguistics and formal semantics of Natural Language. All activities related to this area are marked with '▷'. Around 2005 I expanded my research to proof-theoretic semantics and philosophical logic Paper related to this area are marked with '⊢'.

I.D. Number: 2565539
Birthdate: 19/1/1944
Marital Status: Married + 3
Home Address: 10B Hanita st., Nahariya 22385, Israel,
Tel. (+972) (4) 9928444., Mobile: 054-739625
Office address: Computer Science Dept., Technion, Haifa, Israel,
Tel.(+972) (4) 8294369.
Internet: francez@cs.technion.ac.il

Education:

- (1976) Ph.D.: Dept. of Applied Mathematics (Computer Science), The Weizmann Institute of Science, Rehovot, Israel.
- (1971) M.Sc.: Dept. of Applied Mathematics (Computer Science), The Weizmann Institute of Science, Rehovot, Israel.
- (1965) B.Sc.: Depts. of Mathematics and Philosophy, The Hebrew University, Jerusalem, Israel.
- (1965-69) Military Service.

Academic Appointments:

- 2010 (April) Professor Emeritus, Computer Science Dept., Technion
- 2007 (February-September) - ▷ Senior academic visitor, School of Computer Science, St Andrews university.
- 2002 (April-September) - ▷ Senior academic visitor, HCRC, dept. of Informatics, Edinburgh university.
- 2000 (January) - Holder of the "Bank Leumi" chair in Computer science.
- 1997 (March-October) ▷ Visiting scientist, CWI, Amsterdam
- 1996(July)-1997(March) ▷ Honorary visiting professor, Dept. of CS, Manchester Univ.
- 1992 (August) Visiting scientist, Dept. of Computer Science, University of Utrecht, The Netherlands.
- 1992 (July) ▷ Visiting scientist, CWI, Amsterdam
- 1991 (April)– 2010 (April) Professor, Computer Science Dept., Technion
- 1989-90 Visiting scientist, MCC, Austin, TX, USA.
- 1988 (summer only) Visiting scientist, Abo Academy, Turku, Finland.

1987 (summer only) Visiting scientist, MCC, Austin, TX, USA.
1986 (summer only) Summer faculty scientist, IBM-T.J.Watson Research Center, Yorktown Heights, N.Y., USA.
1985 (summer only) Summer faculty scientist, IBM-T.J.Watson Research Center, Yorktown Heights, N.Y., USA.
1984 (April)-1982-83 Associate Professor, Computer Science Dept., The Technion, Haifa, Israel
World Trade visiting scientist, IBM-T.J.Watson Research Center, Yorktown Heights, N.Y., USA.
1981-82 (Summers only) Research associate, Aiken Computation Lab., Harvard University, Cambridge, Mass., USA.
1979-1983 Senior lecturer, Computer Science Dept., the Technion, Haifa, Israel.
1978-79 Lecturer, Computer Science Department, Technion, Israel.
1977-78 Assistant professor, Computer Science Dept., USC, Los Angeles, CA, USA.
1976-77 Research Associate, Queen's University, Belfast, Northern Ireland.
1973-76 Instructor, Computer Science Dept., Tel-Aviv University, Ramat-Aviv, Israel.
1970-73 Instructor, Computer Science Dept., Ben-Gurion University, Beer-Sheva, Israel.

Administrative Posts

Departmental:

2002/03 Director of the Software Technology Lab (STL).
▷ 1996-2006 head of the Computational Linguistics Laboratory.
1991-92 Head of Curriculum Committee.
1984-1987 Director of the Distributed Computing Laboratory (jointly with EE dept.).
1984-1987 Director of Postgraduate Studies, Dept. of Computer Science.
1983-84 Head of Curriculum Committee.

University:

1996-98 University committee for lecturer's appointment.
1999-00 University committee for non-tenured staff appointment and promotion.
2004-2005 University committee for appointment and promotion of senior staff.

Other Academic Administration:

2004-2006: Academic promotion and Tenure committee, the Academic College of Tel Aviv Jaffa.

Teaching Experience:

1978- Computer Science Department, Technion, Israel
- semantics of programming languages, introduction to λ -calculus and typing, program verification, programming languages, compiler construction, automata and formal languages, compilation laboratory, software laboratory, concurrent and distributed programming.
▷ - Type-Logical (Categorical) Grammars, Formal Semantics of natural language, Unification-based grammar-formalisms, Foundations of Logic Programming
1977-78 Department of Computer Science, USC- Programming Languages compiler construction, programming systems.
1973-76 Computer Science Department, Tel-Aviv University- PASCAL, FORTRAN, introduction to programming, computer organization, assembly programming.
1970-73 Computer science dept., Ben-Gurion University, Beer-Sheva,
- FORTRAN programming, Compiler construction, Computer organization.

Grants:

1974. The fund of aiding research, Histadrut, the Federation of Hebrew workers in Israel.
Subject: *Properties of cyclic programs.*
- 1978-79 (with W.P.de Roever) NSF grant no. MCS 78-00673.
Subject: *Strong correctness of Communicating Sequential Processes.*
1980. Netherlands Organization for the advancement of pure Science (ZWO).
Studying temporal properties of programs (fairness) in Utrecht University (with W.P. de Roever).
1981. IBM-Israel research grant.
Subject: *Proving temporal properties of programs.*
- 1981-82 (with E.M. Clarke), NSF grant no. MCS 81-05553.
Subject: *Design and verification of concurrent systems.*
1984. Netherlands Organization for the advancement of pure Science (ZWO).
Studying the semantics of concurrent programs at the Center for Mathematics and Computer Science, Amsterdam (with J. de Bakker).
1985. British Council foreign and commonwealth office award .
Studying the implementation of Occam and the notion of fairness.
1986. Italian National Research Council (CNR) Bilateral Scientists Exchange Visit Grant
- 1986-88 NCRD (National council for research and development)
Subject: *Distributed Logic Programming* (with Oded Shmueli)
- 1990-1993 Israeli Academy of Science (Fund for basic research)
Subject: *Program verification and semantics of programming languages.*
- ▷ 1993-1996 Israeli Ministry of Science
Subject: *Programming-languages induced computational linguistics and a computational Hebrew grammar.*
- ▷ 1997 (with David Bree, Ian Pratt and Howard Barringer) UK EPSRC grant GR/L07529/01, *PROCESS SPECIFICATION USING NATURAL LANGUAGE.*
Manchester University
- ▷ 2002 (with Mark Steedman) UK EPSRC grant GR/R82838/01, *Fundamentals of Computing.*
Edinburgh University
- ▷ 1999-2002 Israeli Academy of Science (Fund for interdisciplinary research)
Subject: *Semantics of Natural Language temporal questions and interfaces to temporal databases.*
- ▷ 2000-2003 Israel-USA binational foundation (BSF)
Subject: Natural Logic (with Yoad Winter and Ed Keenan).
- ▷ 2006-2009 Israeli Academy of Science (ISF)
Subject: *Lexicalized proof-theoretic semantics for natural language.*
- ▷ 2007 (with Roy Dyckhoff and James McKinna) UK EPSRC grant EP/D064015/1, *Lexicalized Proof-Theoretic Semantics.*
University of st Andrews

Professional activities

- Member: ACM (SIGPLAN), IEEE Computer Society (affiliate),
▷ Assoc. Comp. Ling. (ACL), Assoc. for Logic Programming, ILLI, EATCS,
▷ Israeli association for theoretical linguistics *IATL*.
- 1995-96: Secretary-Treasurer of *IATL*.
- Refereeing: Acta Informatica, ACM-TOPLAS, ACM-TOCS, Computer Languages, CACM, Information and Computation (previously: and Control), IEEE transactions on Software Engineering, Information Processing Letters, International journal for

parallel programming, JACM, JCSS, Science of Computer Programming, Software, Software Practice and Experience, Theoretical Computer Science, J. of Logic and Information.

▷ Linguistics and Philosophy.

▷ Language and Computation.

▷ Grammars.

▷ Linguistic Analysis.

┆ Review of Symbolic Logic (RSL)

┆ *Studia Logica*

┆ Journal of Philosophical Logic (JPL)

┆ Semantics and Pragmatics

┆ Logic and Computation

┆ Synthese

┆ *Logica Universalis*

Also, USA-NSF grant proposal refereeing.

Reviewing: Computing Reviews, Mathematical Reviews, Zentralblatt fur Mathematik.

Editorial boards: ▷ Language and Computation, Grammars
▷ Guest editor (with Ian Pratt-Hartmann): Special issue of *Studia Logica Logic and Natural Language*, 2011.

Program-Committees: ACM-PODC (principles of distributed computing):

Montreal, Canada, August 1983,

Calgary, Canada, August 1986,

Vancouver, Canada, August 1987.

IEEE- 7th international conference on Distributed Computing Systems, Berlin, September 1987.

CAAP (Colloquium on Trees in Algebra and Programming),

Pisa, March 1987.

Barcelona, March 1989.

The fifth Jerusalem conference on information technology, Jerusalem, October 1990.

CONCUR'92, Stony brook, NY, August 1992.

ISTCS (Israeli conference on theory of computing and systems)

Haifa, June 1992.

Netanya, June 1993.

▷ Int. coll. on Temporal Logic

▷ First int. coll. on Temporal Logic, Bonn, July 1994.

▷ Second int. coll. on Temporal Logic, Manchester, UK, July 1997.

▷ Third int. coll. on Temporal Logic, Leipzig, Germany, October 2000.

BISFAI'95 (Bar-Ilan symp. on foundations of AI) Ramat-Gan and Jerusalem, June 1995.

▷ int. workshop on inference in computational semantics (ICOS),

ICOS2, Dagstuhl, Germany, July 2000.

ICOS3, Siena, Italy, June 2001.

ICOS4, Nancy, France, September 2003.

ICOS5, Buxton, UK, April 2006.

▷ ESSLI2000 workshop on *Linguistic theory and grammar implementation*, Birmingham, UK, August 2000.

▷ Mathematics of Language (MOL)

MOL 7, Helsinki, August 2001.

MOL 8, June 2003, Bloomington, Indiana, USA.

MOL 10, August 2005, Edinburgh, UK (jointly with FG).

▷ 7th int. conf. on Natural Language Understanding and Logic Programming (NLULP), Copenhagen, July 2002.

▷ AISB02 symposium on *Representing time in natural language*,

- Imperial College, London, April 2002.
 — Workshop cancelled!
- ▷ 6th workshop on Semantics and pragmatics of Dialogue (EDILOG02),
 Edinburgh, September 2002.
 - ▷ ESSLLI07 summer school: program committee of *Logic and Language*.
 - ▷ ESSLLI07 summer school: program committee of workshop on
 New Directions in Type-theoretic Grammars (NDTTG 2007).
 - ▷ Formal Grammar:
 - FG06, Malaga, Spain, August 2006.
 - FG07, Dublin, Ireland, August 2007.
 - FG08, Hamburg, Germany, August 2008.
 - FG09, Bordeaux, France, August 2009.
 - FG10, Copenhagen, Denmark, August 2010.
 - FG11, Ljubljana, Slovenia, August 2011.
 - FG12, Opole, Poland, August 2012.
 - FG13, DSSELDORF, Germany, 2013
 - FG14, Tuebingen, Germany, August 2014.
 - FG15, Barcelona, Spain, August 2015.
 - FG16, Bolzano, Italy, August 2016.
 - FG17, Toulouse, France, August 2017.
 - FG18, Sofia, Bulgaria, August 2018.
 - FG19, Riga, Latvia, August 2019.
 - FG20, Utrecht, The Netherlands, August 2020.
 - International Conference on Language and Automata Theory and Applications (LATA 2014).
 - ▷ NLCS15 Natural Language and Computer Science, Kyoto, Japan, July 2015.
 - ▷ Member of the Prize-committee of the Beth (FOLLI) Dissertation Award
 2000, 2002-2011,
 - ▷ Lambda Calculus, Type Theory and Natural Language (LCTTNL),
 Kings College, London, September 12, 2005.
 - ▷ SOFSEM 2006 (32nd Conference on Current Trends in
 Theory and Practice of Computer Science),
 January 21 - 27, 2006, Hotel VZ MERIN, Czech Republic.
 - ▷ Amsterdam Colloquium, December 2005.
 - ▷ ACL 2010, workshop on *Mathematical Linguistics and Grammatical Formalisms*,
 Uppsala, Sweden, July 2010.
 - ▷ TIME 2010, Paris, September 2010.
 - ▷ Logical Aspects of Computational Linguistics (LACL),
 2012, Nantes, France.
 2014, Toulouse, France
 2016, Nancy, France

Publications:

Theses:

PH.D The specification and verification of cyclic (sequential and concurrent) programs. Weizmann institute of Science, Rehovot, Israel, June 1976.
Thesis advisor: Prof. Amir Pnueli.

Books:

1. **FAIRNESS** - in the *Texts and monographs in computer science* series (D. Gries, series editor), Springer-Verlag, New York, August 1986.
2. **PROGRAM VERIFICATION** - Addison Wesley, October 1992.
3. **Interacting Processes: A multiparty approach to coordinated distributed programming** - Addison-Wesley, January, 1996 (with Ira R. Forman).
4. \triangleright **Unification Grammars**, Cambridge University Press, 2011 (with Shuly Wintner).
5. \vdash **Proof-theoretic Semantics**, College Publications, October 2015.

In Hebrew:

4. **FORTTRAN - theory and practice** (with Gideon Amir), Ben-Gurion university, 1972; for many years the standard textbook for introduction to programming.
5. **Automata and formal languages** (with Shmuel Zaks), an *Open University* text book, 1987.

Invited Presentations:

1. Winter School, Univ. of Helsinki, January 1984.
Subject: Fairness
2. Nato Advanced Seminar on Logics and Models for Verification and Specification of Concurrent Systems, La Colle Sur Loup, France, October 1984.
Subject: Proof Rules for Communication Abstractions.

3. Leibnitz center for research in computer science opening workshop, the Hebrew university in Jerusalem, May 1985.
Subject: An overview of fairness in nondeterministic and distributed programming.
4. Colloquium on temporal logic and specification, Altrincham, United Kingdom, April 1987.
Subject: Fairness and the axioms of control predicates (joint work with Shmuel Katz).
5. ICALP summer School on Formal Methods in Programming, Orivesi, Finland, July 17-23, 1988.
Subject: New trends in distributed program verification: multiparty interactions and dynamic process creation/destruction.
6. IFIP WG 10.1 workshop on *Concepts and characteristics of declarative systems*. Budapest, October 1988.
Subject:
 - a) SDP: Sequential, distributed Prolog
 - b) A deferred substitution semantics for logic programs
(Joint with Amir Rahat and Oded Shmueli).
7. 5th Jerusalem conference on information technology (JCIT), IFIP, Jerusalem, October 1990.
Subject: Interacting Processes: A language for coordinated distributed programming, (joint work with Ira R. Forman).
8. Logic and Computer Science semester, Tel-Aviv University, March 2003,
Subject: The Lambek Automaton (joint work with Tatyana Veksler).
9. Workshop on *Mathematical methods in Computational Linguistics*, Potsdam, Germany, April 28-9, 2004. Subject: Categorical Grammar with Ontology-refined types (joint work with Gilad Ben-Avi).
10. \vdash Invited plenary talk at the 15th *Amsterdam Colloquium*, Amsterdam, December 2005. Subject: *A proof-theoretic semantics for the syllogistic fragment* (joint work with Gilad Ben-Avi).
11. Invited talk: 1st International Conference on Language and Automata Theory and Applications (LATA 2007):
Subject: *Extensions of pregroup grammars and their correlated automata* (joint work with Michael Kaminski).
12. \vdash Keynote talk: *Reconsidering negation as cancelation*, Logic in Bochum IV: workshop on Connexive Logics

Projects:

- 1981-82 Proving the equivalence of a VLSI chip for floating point to the IBM-370 floating point.
IBM Scientific center, Haifa.
- 1983-85 Design and implementation of a Prolog programming environment.
IBM Scientific center, Haifa.

Graduate Students

Ph.D students

1. Ms. Tzilla Elrad (started: 1979, finished: June 1983)
subject: Weakest precondition semantics for communicating processes.
2. Ms. Orna Grumberg (started: October 1979, finished: May 1984)
subject: Fair termination proofs of nondeterministic and concurrent programs.
Additional supervisor (since July 1982): S.Katz.

3. Ms. Liuba Shrira (Popilski) (started: October 1980, finished: May 1985)
subject: systematic construction of distributed programs.
Additional supervisor (since July 1982): M. Rodeh
4. Ms. Sara Porat (started: September 1981, finished: January 1986)
subject: Fairness in models of nondeterminism.
5. Mr. Shmuel Sagiv (transferred from the M.Sc program: October 1987, finished: June 1991)
Subject: High-level formalisms for program flow analysis and their use in compiling.
Additional supervisor: Dr. Michael Rodeh, IBM.
6. Ms. Limor Fix (started: March 1988, Finished: April 1992)
Subject: Semantic decompositions of distributed programs.
Additional supervisor (due to Sabbatical leave): Orna Grumberg.
7. ▷ Mr. Shalom Wintner (started: March 1993, Finished: January 1997)
Subject: Computational processing of grammars for natural languages.
8. ▷ Mr. Rani Nelken (started: October 1997, Finished: July 2001)
Subject: Questions, time, and natural language interfaces to temporal databases.

M.Sc Students

9. Ms. Liuba Shrira (Popilski) (finished: 1980)
subject: An experimental implementation of CSP.
10. Mr. Naftali Rishe (finished: 1981)
subject: Semantics of data-bases.
11. Mr. Oded Cohn (finished: June 1982)
subject: Specification of properties of distributed data structures.
Additional supervisor: S.Katz.
12. Mr. Gadi Taubenfeld (started: October 1983, finished: July 1984)
subject: Proof rules for communication abstractions.
13. Mr. Nir Shavit (started: May 1984, finished: June 1986)
subject: Distributed detection of locally-indicative monotonic global state properties.
14. Mr. Ran Rinat (started: January 1985, finished: June 1986)
subject: Well-foundedness and properties of infinite trees
15. Ms. Limor Fix (started: June 1986, finished: March 1988)
subject: proving properties of dynamic networks of communicating processes
16. Mr. Eran Gery (transferred from Yoav Raz: October 1986, finished: December 1987)
subject: recursive query evaluation
17. Ms. Yael Shemesh (transferred from Oded Shmueli: October 1986, finished: February 1989)
subject: Finite-state Datalog automata and relational-languages
18. Mr. Amir Rahat (transferred from Oded Shmueli: October 1986, finished: April 1989)
subject: Distributed Logic Programming
Additional supervisor (since October 1987): Dr. Oded Shmueli.
19. Alon Adir (transferred from Shmuel Katz, July 1992, jointly with Shmuel Katz since March 1993.
Finished: May 1994).
subject: An implementation of IP (Interacting Processes)

20. Ms. Orna Bernholtz (transferred from Orna Grumberg, July 1992).
(transferred back¹ to Orna Grumberg, July 1993).
subject: Automata theory and automatic verification.
21. Oren Brezner (Started: March 1993, Finished: April 1994). Additional supervisor: Shai Ben-David.
Subject: Modal semantics for expectation operator in natural language.
22. ▷ Ran Nelken² (Started: October 1993, Finished: June 1996).
Subject: Natural language specifications for automatic verification.
23. ▷ Evgeny Gavrilovitz (Started, February 1995, Finished: January 1998). *Subject: Abstract machine control structures for feature-structure based Natural Language generation*
24. ▷ Victoria Skovlikov (started: May 1996, restarted: October 1997, finished: June 1999). *Subject: A computational unification based lexicon for the Hebrew verbal system.*
25. ▷ Shlomit Koyfman (started: October 1999, finished: November 2001), *Subject: Semantic invariance of algorithms for nominal anaphora resolution.*
26. ▷ Anna (Lifshits) Zamanski (Started: September 2001, finished: December 2003), *Subject: Type-logical Natural Logic.*
27. ▷ Efrat Yaeger (Started: October 2001, Finished December 2002), *Subject: Conditions for decidability of the recognition problem for unification-grammars* (Additional supervisor: Dr. Shuly Wintner, Haifa university).
28. ▷ Tatyanna Veksler (Started: October 2001, finished: November 2003), *Subject: The Lambek automaton.*
29. ▷ Genady Beryozkin (started: March 2003, Finished October 2005), *Subject: Plural semantics for control sentences in LFG's "glue" interface.*
30. ▷ Gila Halperin (started: December 2003), *Subject: Coordination in Type-Logical grammar and conditional contraction in substructural logics.* On maternity leave since 2005, suspended January 2007.
31. ▷ Ezra Ohayon (started: May 2004), *Subject: Deterministically, Linear-Time parsable families of Type-Logical Grammars.* Suspended since 2005.
32. ▷ Tamar Aizikovitz (started May 2005), *Subject: Negated types in categorial grammar* (transferred to Michael Kaminski due to my Sabbatical).

¹Sabbatical replacement
